

TEE IT UP FOR VETERANS GOLF TOURNAMENT

The Honor Bells' Mission:

The Honor Bell Foundation is a 501c3 veteran nonprofit, founded in 2014 and began operations at the Ft Logan National Cemetery Memorial Day 2016.

Our Primary mission is to honor Colorado Veterans as they are laid to rest.

We do this with a 1,000-pound bronze instrument, the honor bell. What makes this bell special is that, cast into it are artifacts from a dozen deceased Colorado veterans. These veterans represent our nation's conflicts from WWII to Iraq and Afghanistan, making the honor bell truly forged from honor.

The Honor Bell first tolled on Memorial Day 2016 and has now tolled at more than 6,200 Colorado veteran funerals.

Bell honors are rendered by a very special group of veteran volunteers, the Bell Guard. Not only are these veterans given the opportunity to serve again, but to serve together in a very meaningful way.

Public outreach and education are another mission of ours. We do this by attending public events and ceremonies, engaging with veterans, the public and school children in order to promote a sense of respect and patriotism.
